

ON₂ WARRANTY

ON₂ Solutions designs, manufactures, and installs equipment to the highest standards. Our warranty demonstrates our belief in those standards. The Oxygen Concentrator will perform in conformance of its description when installed, operated, and maintained in accordance with the instructions provided.

Our ON₂ warranty covers defects in material and/or workmanship of the Oxygen Concentrator for twelve (12) months. The warranty period begins at completion of installation by ON₂ or on the shipping date if installed by the customer.

Parts which, by their nature are subject to wear or natural deterioration are warranted for 30 days. The replacement of consumable maintenance items, including but not limited to; valve diaphragms, parts kits, oil, filters, belts, etc. performed in conjunction with normal maintenance, are not covered under the warranty.
