OPERATION
 **RESCUE**

ON₂ is proud to have established the Operation Rescue Project.

We understand the financial strain of Animal Rescue and we want to be a part of the SOLUTION! The largest single expense an Animal Rescue has is their Veterinary Medical costs. Often rescued animals require extreme medical intervention and treatment when they are rescued and those medical bills can run into the thousands of dollars. Many Veterinarians offer Rescues a special reduced rate but even with this subsidy, they struggle to afford these ever-growing expenses.

ON₂ would like to lend a hand with the Operation Rescue Project. With the sale of every OC-1V, ON₂ will donate \$200 to a local Animal Rescue, to put towards their Veterinary expenses. The purchasing Veterinarian can select a specific Animal Rescue of their choosing or we will choose a local Rescue in the area on their behalf.

Please contact us if you would like to add the name of an Animal Rescue in your area to our list at

operationrescue@on2solutions.com

OPERATION RESCUE – ELIGIBLE ANIMAL RESCUES

Rescue Name	Area	Contact
Manitoba Underdogs Rescue	Winnipeg	http://www.manitobaunderdogs.org/
